

Registered Company number: 05644624

Sainsbury Propco B Limited

Annual Report and Financial Statements

For the 52 weeks to 2 March 2024

Sainsbury Propco B Limited
Strategic report
for the 52 weeks to 2 March 2024

Principal activities and review of business

The principal activities of the Sainsbury Propco B Limited (the 'Company') are the ownership and rental of supermarket outlets to J Sainsbury plc and its subsidiary companies (the 'Group') and to raise finance secured against its property.

The Company's profit for the financial year was £48 million (2023: £44 million). The financial position as at 2 March 2024 is shown in the balance sheet set out on page 9.

All material operations are carried out in the United Kingdom.

Principal risks and uncertainties

From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of the Group' and not managed separately. Accordingly, the principal risks and uncertainties of the Group, which include those of the Company, are discussed on pages 53 to 61 of the 2024 Annual Report and Financial Statements of J Sainsbury plc, the ultimate parent undertaking, on the following website:

www.about.sainsburys.co.uk.

Future developments

No change is planned in the activities of the Company in the next financial year.

Key Performance Indicators (KPIs)

The Directors of J Sainsbury plc manage the Group's operations on a divisional basis. For this reason, the Company's Directors believe that analysis using KPIs for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company. The development, performance and position of the Group, which includes the Company, are discussed on pages 2 to 52 of the Group's Annual Report, which does not form part of this report.

Financial risk management

The financial risk management and policies of the Group, which include those of the Company, are disclosed in note 28 on pages 167 to 174 of the Group's Annual Report.

Section 172 statement and stakeholder engagement

The Board believes that it has acted in accordance with Section 172(1) of the Companies Act 2006 during the year ended 2 March 2024. This requires each Director to act in the way he or she considers, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole and, in doing so, have regard to the interest of other stakeholders, whilst maintaining high standards of business conduct.

The Company is a wholly-owned subsidiary of J Sainsbury plc and its stakeholder engagement is integrated within the governance framework of J Sainsbury plc and its subsidiaries (the 'Group'). During the year, the Directors continued to focus on engagement with the Company's stakeholders, most notably the Group. The Directors primarily used scheduled Group Property committee meetings and Group Operating Board meeting to consider and engage with the Group. These interactions informed key decisions that the Directors made during the year, such as approving the Company's financial statements.

Further details on how the Group engaged with its stakeholders, can be found in the 2024 Annual Report for J Sainsbury plc on pages 22-29.

As per Section 54(1) of the Modern Slavery Act 2015, our Slavery and Human Trafficking Statement is published annually on our Group website. The statement covers the activities of the Group and details the steps taken during the year ended 2 March 2024 to prevent modern slavery and human trafficking in our own operations and supply chains.

By order of the Board:

Jamie Cowen
Director
2 August 2024

Sainsbury Propco B Limited
Directors' report
for the 52 weeks to 2 March 2024

The Directors present their report and the audited financial statements of Sainsbury Propco B Limited (the 'Company') for the 52 weeks to 2 March 2024. Comparatives have been presented for the 52 weeks ended 4 March 2023.

Dividends

No dividends were paid in the current year or have been paid or proposed by the Directors since the balance sheet date (2023: £nil).

Going concern

As at 2 March 2024 the company had retained earnings of £335 million (2023: £288 million) and made a profit of £47 million (2023: £44 million).

The financial statements have been prepared on the going concern basis on the grounds that the ultimate parent company, J Sainsbury plc has confirmed its present intention to provide financial support such that the Company is able to repay its liabilities as they fall due for a period of twelve months from the date on which these financial statements are signed.

The assessment period for the purposes of considering going concern is the twelve months from the date on which these financial statements are signed.

Directors

The Directors of the Company who held office during the financial year and up to the date of signing the financial statements are shown below:

G J Cowen
Sainsbury's Corporate Director Limited

Company Secretary

The Company Secretary of the Company who held office during the financial year and up to the date of signing the financial statements is shown below:

Sainsbury's Corporate Secretary Limited

Directors' indemnities

The Directors are indemnified to the extent permitted by the Articles of Association of the Company in respect of all losses arising out of or in connection with the execution of their powers, duties and responsibilities. The ultimate parent company purchased and maintained Directors' and Officers' liability insurance throughout 2023/24, which was renewed for 2024/25. The insurance covers all Directors and Officers of companies in the Group. Neither the indemnities nor insurance provide cover in the event that the Director or Officer is proved to have acted fraudulently.

Disclosure of information to auditors

Each of the Directors confirms that, so far as he/she is aware, there is no relevant audit information of which the auditors are unaware. Each Director has taken all steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditors are aware of that information.

Independent auditors

Ernst & Young LLP were appointed as auditors during the period and have indicated their willingness to continue in office.

By order of the Board:

Jamie Cowen
Director
2 August 2024

Sainsbury Propco B Limited
Statement of Directors' responsibilities
for the period to 52 weeks to 2 March 2024

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies in accordance with IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under applicable law and regulations, the directors are also responsible for preparing a strategic report, directors' report, that comply with law and those regulations.

By order of the Board:

Director
2 August 2024

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SAINSBURY PROPCO B LIMITED

Opinion

We have audited the financial statements of Sainsbury Propco B Limited for the 52-week period ended 02 March 2024 which comprise the Statement of comprehensive income, the Balance Sheet, the Statement of changes in equity and the related notes 1 to 12, including a summary of material accounting policy information. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 02 March 2024 and of its profit for 52 week period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; including Financial Reporting Standard 101 "Reduced Disclosure Framework"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report as set on pages 2 to 4, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the

course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are the United Kingdom Accounting Standards including FRS 101 “Reduced disclosure framework”, the Companies Act 2006 and relevant UK tax compliance regulations.
- We understood how Sainsbury Propco B Limited is complying with those frameworks by making enquiries of management, internal audit and those responsible for legal and compliance procedures. We corroborated our enquiries through our review of board minutes, internal audit reports and through consideration of the results of our audit procedures.
- We assessed the susceptibility of the company’s financial statements to material misstatement, including how fraud might occur by considering the programmes and controls that the company has established to address risks identified, or that otherwise prevent, deter and detect fraud; and how senior management monitors those programmes and controls.
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved enquiries of those responsible for legal and compliance procedures, internal audit and management. In addition, we completed procedures to conclude on the compliance of the disclosures in the annual report and financial statements with all applicable reporting requirements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council’s website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor’s report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor’s report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

Sainsbury Propco B Limited

Notes to the financial statements

for the 52 weeks to 2 March 2024

1 General information

Sainsbury Propco B Limited (the 'Company') is a private limited company incorporated and domiciled in England and Wales. The Company's registered address is 33 Holborn, London EC1N 2HT. The Company is part of J Sainsbury plc (the 'Group').

The financial year represents the 52 weeks to 2 March 2024 (prior financial year: 52 weeks to 4 March 2023).

2 Accounting policies

(a) Statement of compliance

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. Accordingly, the financial statements have therefore been prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under the standard in relation to capital management, presentation of a cash flow statement, standards not yet effective and related party transactions.

(b) Basis of preparation

The financial statements are presented in pound sterling, rounded to the nearest million (£m) unless otherwise stated. They have been prepared on a going concern basis under the historical cost convention.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2c.

Amendments to published standards

New accounting standards, amendments to standards and IFRIC interpretations which became applicable during the year, were either not relevant or had no material impact on the Company's results or net assets.

The accounting policies have remained unchanged from those disclosed in the Financial Statements for the year ended 2 March 2024.

Going concern

As at 2 March 2024 the company had retained earnings of £335 million (2023: £288 million) and made a profit of £47 million (2023: £44 million).

The financial statements have been prepared on the going concern basis on the grounds that the ultimate parent company, J Sainsbury plc has confirmed its present intention to provide financial support such that the Company is able to repay its liabilities as they fall due for a period of twelve months from the date on which these financial statements are signed.

The assessment period for the purposes of considering going concern is the twelve months from the date on which these financial statements are signed.

Revenue

Revenue consists of rental income arising from leases on investment properties, net of lease incentives and excluding VAT. Revenue is accounted for on a straight-line basis over the term of the lease.

Cost of sales

Cost of sales consists of all costs associated with the investment properties, including depreciation.

Finance costs

Finance costs are recognised in the income statement for financial liabilities measured at amortised cost using the effective interest rate method.

Sainsbury Propco B Limited
Notes to the financial statements (continued)
for the 52 weeks to 2 March 2024

2 Accounting policies (continued)
(b) Basis of preparation (continued)

Investment property

Investment properties are those properties held for capital appreciation and/or to earn rental income. They are initially measured at cost, which includes the original purchase price of the assets and the costs attributable to bringing the asset to its working condition for its intended use, including related transaction costs. After initial recognition at cost, they are measured using the 'cost method' which is cost less accumulated depreciation and any recognised impairment loss. Gains and losses on disposal are determined by comparing proceeds with the asset's carrying amount and are recognised within operating profit.

Depreciation

Depreciation is calculated to write down the cost of the assets to their residual values, on a straight-line method on the following basis:

- Freehold buildings and leasehold properties – 50 years, or the lease term if shorter
- Freehold land is not depreciated

Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its property, plant and equipment and investment property to determine whether there is any indication that the net book value is no longer supportable. If any such indication exists, the recoverable amount of the asset, being the higher of its fair value less costs to dispose and its value-in-use, is estimated in order to determine the extent of the impairment loss. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit ('CGU') to which the asset belongs. For property, plant and equipment and investment property, the CGU is deemed to be each investment property.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount and an impairment loss is recognised immediately in the income statement.

Where there has been a change in the estimates used to determine the recoverable amount and an impairment loss subsequently reverses, the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount, not to exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. An impairment loss reversal is recognised in the income statement.

Current tax

Current tax is accounted for on the basis of tax laws enacted or substantively enacted at the balance sheet date. Current tax is charged or credited to the income statement, except when it relates to items charged to equity or other comprehensive income, in which case the current tax is also dealt with in equity or other comprehensive income respectively.

Called up share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Financial instruments

Financial assets

The Company classifies all of its financial assets at amortised cost in accordance with IFRS 9.

To determine their classification and measurement category, IFRS 9 requires all financial assets, except equity instruments and derivatives, to be assessed based on a combination of the entity's business model for managing the assets and the instruments' contractual cash flow characteristics.

In order for a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

Sainsbury Propco B Limited
Notes to the financial statements (continued)
for the 52 weeks to 2 March 2024

2 Accounting policies (continued)
(b) Basis of preparation (continued)

For the Company, these are financial assets that are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and where the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company initially measures these financial assets at fair value plus transaction costs. Subsequently these assets are carried at amortised cost less impairment using the effective interest method. Income from these financial assets is calculated on an effective yield basis and is recognised in the income statement.

Impairment of financial assets

Loan loss impairments are accounted for using a 3 stage forward-looking expected credit loss (ECL) approach in line with IFRS 9. IFRS 9 requires the Company to record an allowance for ECL for all loans and other debt financial assets not held at FVPL, together with loan commitments and financial guarantee contracts.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade receivables and contract assets, the Company establishes provisions against trade receivables to reflect the lifetime expected credit loss, consistent with the simplified approach under IFRS 9.

Financial liabilities

Interest-bearing bank loans and overdrafts are recorded initially at fair value, which is generally the proceeds received, net of direct issue costs. Subsequently, these liabilities are held at amortised cost using the effective interest method.

Finance charges, including premiums payable on settlement or redemption and direct issue costs are accounted for on an accrual basis in the income statement using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the year in which they arise.

Derivative financial instruments and hedge accounting

The Company uses derivative financial instruments to hedge its exposure to interest rate risk. All derivative financial instruments are initially measured at fair value on the contract date and are also measured at fair value at subsequent reporting dates. Where derivatives do not qualify for hedge accounting, any changes in the fair value of the derivative financial instrument are recognised in the income statement as finance income or costs as they arise.

To qualify for hedge accounting, the Company documents at the inception of the hedge, the hedging risk management strategy, the relationship between the hedging instrument and the hedged item or transaction and the nature of the risks being hedged. The Company also documents the assessment of the effectiveness of the hedging relationship, to show that the hedge has been and will be highly effective on an ongoing basis.

Where a derivative does qualify for hedge accounting, any changes in fair value are recognised depending on the nature of the hedge relationship and the item being hedged as follows:

Cash flow hedges

Hedge relationships are classified as cash flow hedges where the derivative financial instruments hedge the interest rate risk on long term borrowings. Changes in the fair value of derivative financial instruments that are designated and effective as hedges of future cash flows are recognised directly in other comprehensive income and the ineffective portion is recognised immediately in the income statement. If the cash flow hedge of a firm commitment or forecasted transaction results in the recognition of a non-financial asset or liability, then, at the time the asset or liability is recognised, the associated gains or losses on the derivative that had previously been recognised in other comprehensive income are included in the initial measurement of the asset or liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in other comprehensive income is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in other comprehensive income is transferred to the income statement for the period.

Sainsbury Propco B Limited
Notes to the financial statements (continued)
for the 52 weeks to 2 March 2024

2 Accounting policies (continued)
(b) Basis of preparation (continued)

c) Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with IFRS requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Those which are significant to the Company are discussed separately below:

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Operating leases for lessors

The Company earns rental income through commercial property leases on its portfolio of stores. At inception of each lease, the terms and conditions of the arrangements are evaluated to assess whether the lease terms constitute a major part of the economic life of the assets and whether the present value of the minimum lease payments amount to substantially all of the fair value of the commercial property. Where there is no evidence of this, management conclude that the significant risks and rewards of ownership do not transfer and these leases are accounted for as operating leases, with the underlying asset presented in the balance sheet and lease income recognised over the lease term on a straight-line basis.

Lease term

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has the option under some of its leases to either lease the assets for additional terms or terminate the lease early (a break option). The Company applies judgement in evaluating whether it is reasonably certain to exercise these options. That is, it considers all relevant factors that create an economic incentive for it to exercise them. For leased properties, this includes the current and expected profitability of the respective site, as well as the length of time until the option can be exercised. The judgement currently applied is that the Company assumes contractual terms unless it is reasonably certain that an extension or break option will be applied.

After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the options to renew (e.g. a change in business strategy). Any reassessment of the lease term will be reflected in a recalculation of the lease liability and respective right-of-use asset.

Estimates and assumptions

The areas where assumptions and estimates are significant to the financial statements are as described below. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Impairment of assets

Financial and non-financial assets are subject to impairment reviews based on whether current or future events and circumstances suggest that their recoverable amount may be less than their carrying value. Recoverable amount is based on the higher of the value in use and fair value less costs to dispose. Value in use is calculated from expected future cash flows using suitable discount rates and includes management assumptions and estimates of future performance.

Income taxes

The Company recognises expected liabilities for tax based on an estimation of the likely taxes due, which requires significant judgement as to the ultimate tax determination of certain items. Where the actual liability arising from these issues differs from these estimates, such differences will have an impact on income tax and deferred tax provisions in the year when such determination is made. Detail of the tax charge is set out in note 6.

(c) Significant accounting judgements, estimates and assumptions (continued)

Fair value of Investment properties

The Company carries its investment properties using the “cost method” which is cost less accumulated depreciation and any recognised impairment loss. For disclosure purposes the Company engaged an independent valuation specialist to assess fair value as at 2 March 2024. A valuation methodology based on a discounted cash flow (DCF) model was used. Please refer to note 7 for the key assumptions used to determine the fair value of the properties.

3 Operating profit

	2024	2023
	£m	£m
Operating profit is stated after charging the following items:		
Depreciation	(8)	(8)

There were £nil (2023: £nil) direct operating expenses arising from investment property that did not generate rental income during the year.

The auditors’ remuneration, in the current financial year was £3,158 (2023: £3,158), has been borne by Sainsbury’s Supermarkets Ltd, a Group company that makes no recharge to the Company.

4 Employees and Directors’ remuneration

The Company had no employees during the year (2023: none). The directors received no remuneration for their services to the Company during the year (2023: £nil).

5 Finance costs

	2024	2023
	£m	£m
Amounts payable to Group companies	(7)	(6)
Interest payable - other loans	(39)	(39)
Finance costs	(46)	(45)
